LACROSSE SCHOOL TECHNOLOGY MISSION STATEMENT

LaCrosse School provides a technology-rich environment that encourages students to reach their true potential as active, responsible, independent, lifelong learners and productive citizens.

TRI-TOWNSHIP CSC CAREER SUCCESS MISSION STATEMENT

The Career Success Partnership of Tri-Township CSC provides every student with age appropriate career information and experiences that enable students to make informed choices based on these opportunities.

LACROSSE NONDISCRIMINATION POLICY

Education service, programs, instruction and facilities will not be denied to anyone as the result of his or her race, age, color, national origin, sex, religion or handicapping condition. For further clarification or in case of a complaint, please contact Brian McMahan, Principal.

ASBESTOS

In 1988, the LaCrosse School building was inspected for asbestos. An Asbestos Management Plan is on file in the school office. This plan was developed according to State and Federal Guidelines. It is designed to reduce any risks from any identified asbestos. With the aid of this plan, Tri-Township Schools are meeting all state standards. This plan may be inspected during regular office hours. This information is being announced as required by law.

LACROSSE SEXUAL HARASSMENT POLICY

It is a violation of the Tri-Township Consolidated School Corporation Sexual Harassment Policy for any employee or student of LaCrosse to harass another employee or student through conduct or communications of a sexual nature. If you have any questions or feel that you are being sexually harassed, please contact Mr. Brian McMahan, Principal of LaCrosse High School.

PROTECTION OF PUPIL RIGHTS AMENDMENT

The Protection of Pupil Rights Amendment (PPRA), 20 U.S.C. ~1232h, requires

LaCrosse School to notify you and obtain consent or allow you to opt your child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas (“protected information surveys”):

1. Political affiliations or beliefs of the student or student’s parents;
2. Mental or psychological problems of the student or students family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parent; or
8. Income, other than as required by law to determine program eligibility.

SCHOOL SURVEY

The LaCrosse School may periodically conduct surveys dealing with one or more of the eight areas listed above. Parents will be notified in advance of any survey to be conducted and the types of information to be collected. Parents may also review the survey to be used. If you do not wish to have your child participate in any surveys, please submit a written request to the school by September 1st.

SCHOOL DIRECTORY INFORMATION

This requirement also applies to the collection, disclosure or use of student information for marketing purposes (“marketing surveys”), and certain physical exams and screenings.

The LaCrosse School has identified the following as “directory information” and may provide this information without prior consent: school year, grade, name, address, and telephone listing. This information normally will not be released for commercial use unless it is directly related to school activities. For example: company providing graduation supplies, company taking senior pictures, etc. If you do not wish for the school to release this directory information for your child, please submit a written request to the school by September 1st.

LaCrosse School is committed to equal opportunity and does not discriminate on the basis of age, race, color, religion, sex, handicapping conditions, or national origin including limited English proficiency, in any employment opportunity. No person is excluded from participation in, denied the benefits of, or otherwise subjected to unlawful discrimination on such basis under any educational program or student activity.

If you have experienced discrimination in such educational programs or activities, written

inquiries about procedures that are available and for consideration of complaints alleging such discrimination should be directed to the Principal of LaCrosse School. Send complaint to:

NOTIFICATION OF RIGHTS UNDER THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT FOR ELEMENTARY AND SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parents or eligible student of the time and place where the records may be inspected.
2. The parents or eligible students have the right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate. Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.
4. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed

by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or parent or student serving on an official committee, such as disciplinary or grievance committee, or assisting another school official in performing his or her task.

5. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
6. Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. All records will be disclosed including suspension and expulsion records.
7. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the *School District* to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

WORK PERMITS AND CHILD LABOR LAWS

The Child Labor Law has been changed significantly by SB 192. Issuing officers may now deny work permits to students if their attendance is not in good standing or if their academic performance does not meet the school corporation's standard. A "significant decrease" in attendance or grades can now result in a revocation of work permits by issuing officers.

In addition, the school will revoke or deny issuing an employment certificate if a student withdraws from school and fails to attend an exit interview under IC 20-33-2-28.5 or does not return to school or if the student does not meet the requirements to withdraw from school under IC 20-33-2-28.5

No child less than eighteen (18) can be employed between the hours of 7:30 a.m. and 3:30 p.m. on a school day unless a written exception is issued to the employer by the school. The Department of Labor, Bureau of Child Labor, can now assess fines for violations of the Child Labor Law.

SCHOOL DAY SCHEDULE

The official school day begins at 8:00 a.m. and ends at 2:45 p.m. However, students who arrive by bus must remain on school grounds from the time of arrival until the end of the school day. Students are not to be in the school building prior to 7:30 a.m., unless there is a scheduled activity with a sponsor in attendance. **Students will be allowed in the gymnasium at 7:30 a.m. There is no supervision until 7:30 a.m. each morning.**

Therefore, students should not arrive before 7:30 a.m.

ATTENDANCE

Regular attendance is absolutely essential for children to be successful in their educational endeavors. **Students are expected to attend school and be on time for classes in order to derive maximum benefit from instructional programs and to develop habits of self-discipline and responsibility.** Moreover, students who miss a day of class will never be able to retrieve completely that learning experience. The interaction with the teacher and fellow students can never be effectively duplicated.

Parents or guardians are responsible for student attendance. The Attendance Committee and/or school corporation will enforce the State of Indiana Compulsory Attendance Laws.

Procedures:

A parent/guardian must contact the school by 8:30 a.m. every day their child is absent from school. A doctor's note should be sent in when the child returns to school specifying the reason for the student's absence if they were seen by a doctor. If a parent fails to call, the secretary will call the parent/guardian asking for the reason of the child's absence. If no phone call is made or the secretary is unable to contact the parent/guardian the absence will remain unexcused. An answering machine is available for parents to leave messages prior to 7:30 a.m. when office staff is not available to take phone calls.

More than seven (7) days of absences a semester is considered excessive, except in cases of extended illness or extremely unusual circumstances. In order for an absence to be *exempt or excused* it must meet the following criteria:

Exempt Absences

The following absences are considered **exempt** per Indiana code (with proper documentation) and students will be considered in attendance:

- Service as a page or as an honoree of the general assembly
- Service on a precinct election board or for political candidates on an election day
- Subpoenaed witness in judicial proceeding
- Duty with Indiana National Guard
- Participating in a civil air patrol
- School sponsored field trips

Excused Absences (with proper documentation)

- Illness verified in writing by a parent or guardian or parent called the school to report the student ill
- Death in the immediate family
- Medical/Dental appointment (make every effort to schedule after school)
- Court Appointments
- Religious Observances (request verification)
- Medical Absence requiring a physician's statement
- (If absent more than 5 days in a row, a doctor's excuse is required.)

Unexcused Absences

- All other absences not specifically exempt or excused.
- Working during school hours. This is a violation of child labor laws. Staying home to baby-sit or farm is considered working and is unexcused.
- Absence without a written note or verification from parent/guardian.

Vacation Days/Family Trips:

Family vacations or other family trips taken during school time are **STRONGLY DISCOURAGED**. Absences due to vacations must be prearranged with school officials at least one week prior to the start of the vacation. Failure to do so will result in a student marked truant. Students returning from vacation are expected to turn in assignments in the timeline indicated by the teacher(s). Students will receive a zero for any work not finished within that timeline. The classroom teacher may be able to provide a few of the assignments that will be missed in advance to the student, however it is the student's and/or parent's responsibility to check Harmony for any missed homework that needs to be completed while they were absent from school.

EXCESSIVE ABSENTEEISM

- After the 4th Absence in a semester, Parent(s)/Guardian(s) will receive a conference phone call and/or email from the Attendance Officer.
- After the 7th Absence in a semester, Parent(s)/Guardian(s) will be mailed and

emailed a Letter and will need to attend a Meeting with the Attendance Committee. Parents may also be asked to have a Certificate of Incapacity completed by their child's doctor/primary care professional.

- If parent(s)/guardian(s) do not attend the scheduled meeting, the student/parents will be formally referred to Juvenile Probation.
- If Absences continue, the student/parent(s)-guardian(s) will be formally referred to Juvenile Probation. A Documented, Formalized Attendance Plan will be required.
 - If Absences continue after a formal hearing and plan from Project Attend and/or Juvenile Probation, the Department of Child Services will be contacted regarding Educational Neglect.

PREARRANGED ABSENCE

A student may know in advance that he/she will need to miss school. These absences should be prearranged with the office at least one week in advance of anticipated absence. Students/parents should fill out a prearranged absence form. These absences will count towards the student's seven absences each semester.

SIGN-IN PROCEDURES

After returning from any absence, full-day, partial-day, or vocational a student must check in at the office, sign in, and be issued a pass before going to any class. At that time the student should bring the following:

- 1) Note from doctor, dentist, etc. if the absence was for a medical appointment.
- 2) Note from parent or guardian stating the reason for the absence if no contact concerning the absence was made with the office.

No note is required if contact was made with a parent or guardian.

SIGN-OUT PROCEDURES

Any student leaving the school grounds during the school day must have permission from their teacher or administration and must sign out in the office. Any student returning to school before the end of the day must also come to the office to sign in.

Should it become necessary to leave school for reasons of illness, the student will report to the office. The following procedures will occur:

1. Exam by school nurse or other designated school personnel.
2. Notification of parents/guardians by the office.

TARDIES

Students arriving tardy to first hour class must report to the office and sign in for an admit slip before going to class. Tardies during other times of the day will be recorded by the individual teacher and reported to the office on a daily basis. A tardy will be excused if the student has a pass signed by a teacher, principal, or guidance counselor or has a

valid excuse acceptable to the teacher. If the student signs in before 8:20 a.m. it counts as a tardy against them, if they sign in at 8:20 a.m. or later it will be an absence for the first hour and the student will not be allowed to participate in extracurricular activities in accordance with the Athletics/Extra-Curricular policies.

TARDY CONSEQUENCES

Students will be given two tardies per nine weeks.

3rd Tardy per Nine Weeks	Written Warning, Parent Contact
4th Tardy per Nine Weeks	After School Detention, Parent Contact
5th Tardy per Nine Weeks	After School Detention, Parent Contact
6th Tardy per Nine Weeks	In-School Suspension, Parent Meeting
7th or more Tardy Nine Weeks	To Be Determined by Principal

TRUANCY POLICY

Truancy is being absent from school or class without the consent or knowledge of the parent or guardian and the school. Students will not be allowed to participate in or attend after-school activities when truant from any classes throughout the school day. All truancies will be documented as an Unexcused Absence.

- 1st offense Notification of parents and a one-day in school suspension.
Student will make up missed work without credit when truant.
- 2nd offense Three-day out-of-school suspension
- 3rd offense Five-day out-of-school suspension

DRIVER'S LICENSE-PERMIT INVALIDATION POLICY

1. Indiana code 9-24-2 provides that a driver's license or learner's permit may not be issued to any individual less than eighteen (18) years of age who meets any of the following conditions:
 - Is chronically absent, by having unexcused absences from school for more than ten (10) days of school in one (1) school year.
 - Is under at least a second suspension from school for the school year under IC 20-33-8-14 or IC 20-33-8-15.
 - Is under an expulsion from school due to misconduct under IC 20-33-8-14, or IC 20-33-8-15 or IC 20-33-8-16;
 - Is considered a dropout under IC 20-33-2-28.5.
 - Is a habitual truant under IC 20-33-2-11.
2. Definition Of Truancy: The term "truancy" is hereby defined as a student who is absent without parental or school knowledge; leaves school without obtaining prior approval from the principal or his designee; is absent from school without parental permission or in defiance of parental authority.

A student may be designated as a "habitual truant" if they are chronically absent, by having unexcused absences from school for more than ten (10) days of school in one (1) school year.

All students who are at least thirteen (13) years of age but less than the age of fifteen (15) years, and who are determined to be a habitual truant per the definition above, are subject to Indiana Code 20-33-2-11, which provides that any person who is determined to be a habitual truant as defined by school board policy cannot be issued an operator's license or learner's permit until the age of 18 years, or until the student's attendance record has improved as determined by the principal upon review of the student's record of at least once per school year. The student's principal is required to report to the Indiana Bureau of Motor Vehicles of the student's status as a habitual truant. The student upon initial designation of being a habitual truant is entitled to the same statutory procedures as a student who is being expelled.

DRIVING AND PARKING REGULATIONS

To provide for the safety, welfare and protection of all persons and vehicles, the regulations listed below are in effect.

1. Driving to school is a privilege. Abuse it and lose it.
2. Don't drive around unnecessarily.
3. Find a place to park in the church lot or on the street east of the building. **Do not park in front of the doors on the south side of the church parking lot near the building.**
4. Observe all school, town, county and State laws, rules and regulations.
5. Do not loiter in or around vehicles.
6. Do not park in front of the school.
7. Vehicles may be taken from the parking area when the students are dismissed for the day.
8. Students are not permitted in the parking area or in cars during school hours.
9. A student driving a motor vehicle to school agrees to a search of that vehicle where there is reasonable cause to believe that contraband may be kept in that vehicle.
10. Students are not allowed to go to their cars during the school day except by special permission from the administration.
11. Parallel parking only in rear of building.
12. Refrain from spinning tires, blowing horns or any other disturbances while leaving or arriving to school.

Before school and during the school day, parents may drop off and pick up students in front of the school. From 2:45-3:15 p.m., parents should not pick up students in front of the school. This area is reserved for buses.

AK SMITH VOCATIONAL SCHOOL REQUIREMENTS

Bus transportation is provided to LaCrosse students who attend vocational school at AK

Smith in Michigan City. Students who ride the bus are required to meet the bus in the back parking lot in the morning, and return back to LaCrosse on the bus following the completion of their classes at AK Smith.

In the event that the parent or guardian requests and authorizes that a student who attends AK Smith be permitted to use his/her own transportation to and from all outside classes rather than use the transportation provided by the School, the following protocol must be followed:

1. A Waiver and Release form signed by the parents and student is on file in the principal's office.
2. Student must maintain grades of C or better in all classes.
3. The student may not transport any passenger in his or her vehicle without documented consent from both students' parents.

Upon returning to LaCrosse late morning, students are required to report directly to the office and sign in. Students will return to LaCrosse and go to their 4th hour class. If students come in during third hour, then they will report to study hall.

WITHDRAWAL FROM SCHOOL-EXIT INTERVIEW REQUIRED

Under Indiana law, a student may not withdraw from school unless the withdrawal is due to:

1. financial hardship and the student must be employed in order to support the family;
2. the student's illness; or
3. an order of a court with jurisdiction over the student.

Any student who is at least sixteen (16) years of age but is not yet eighteen (18) years of age who also meets one of the above three criteria may withdraw from school prior to graduation after an exit interview with the student's parent or guardian and the student's principal is conducted with the appropriate school employee. Consent of the withdrawal by all three parties is required. The Board designates the principal to conduct the exit interview of a student enrolled at the specified school who wishes to withdraw from school.

SCHOOL CLOSING

On occasion, it may be necessary to close the school because of poor weather conditions that limit travel on the roads and highways. This may include calling off school for the entire day, delaying the start of the school for 2 hours until weather conditions improve or sending children home early. This will be communicated through School Messenger. Please do not call the school. Telephone lines must be kept open for emergencies.

Parents: Please make sure your contact information on Harmony is regularly updated in the LaCrosse High School office.

DISCIPLINARY CODE FOR STUDENTS

STATEMENT OF SCHOOL CORPORATION PURPOSE, PHILOSOPHY, AND GUIDELINES ON STUDENT DISCIPLINE

The mission of the school to assist students in the transition to responsible adulthood requires instilling in students those mature habits of behavior required by a democratic society. The board recognizes that the disruptive behavior of an individual student deprives other students of their right to a school conducive to learning, and does not promote those habits.

In addition, school handbooks reflect the regulations for individual buildings, and may contain additional rules for student behavior, so long as they do not violate either the letter or intent of this policy.

Indiana law contains numerous provisions related to student discipline. It is the intent of the board to adopt those provisions, as they exist, as they are amended, or rescinded in the future. Indiana laws form the basis of the board's discipline policy.

It is the duty and power of the School Corporation to supervise and discipline students. The Board recognizes that student supervision and the desirable behavior of students in carrying out school purposes is the responsibility of:

- (a) a school corporation; and
- (b) the students of a school corporation.

Furthermore, in all matters relating to the discipline and conduct of students, school corporation personnel:

- (a) stand in the relation of parents to the students of the school corporation; and
- (b) have the right to take any disciplinary action necessary to promote student conduct that conforms with an orderly and effective educational system, subject to Indiana Code and
- (c) have qualified immunity with respect to a disciplinary action taken to promote student conduct if the action is taken in good faith and is reasonable.

Students must:

- (a) follow responsible directions of school personnel in all educational settings; and
- (b) refrain from disruptive behavior that interferes with the educational environment.

The Board therefore has established and adopted the written discipline rules set forth in this handbook and made copies available to students and the student's parents/guardian.

In compliance with IC 20-33-8-12 which gives the governing body of a school corporation the authority to delegate:

- (1) rulemaking;
- (2) disciplinary; and
- (3) other authority

The Tri-Township Consolidated School Corporation Board has delegated authority as outlined below:

Disciplinary powers of superintendents and administrative staff members:

A superintendent; or member of the superintendent's administrative staff, with the superintendent's approval, may take any action with respect to all schools within the superintendent's jurisdiction that is reasonably necessary to carry out or prevent interference with an educational function or school purposes.

Disciplinary powers of principals:

A principal may take action concerning the principal's school or a school activity within the principal's jurisdiction that is reasonably necessary to carry out or prevent interference with an educational function or school purposes. The principal of each school in a school corporation may adopt regulations establishing lines of responsibility and related guidelines in compliance with the discipline policies of the governing body.

Suspension: A school principal (or designee) may deny a student the right to attend school or take part in any school function for a period up to ten (10) school days.

Expulsion: In accordance with the due process procedures in this policy, the principal or his designee may initiate an expulsion from school for a period no longer than the remainder of the current semester plus the following semester, with the exception of a violation of Subsection C and D listed under grounds for expulsion in this policy.

Disciplinary powers of teachers and school staff members:

B. SAFE SCHOOLS AND ANTI BULLYING POLICY

In Compliance with Senate Enrolled Act No. 285 to amend the Indiana Code concerning education, LaCrosse High School has updated it's safe schools and anti-bullying policies.

Individuals threatening, teasing, or intimidating other individuals both emotionally or physically. Such actions are generally intentional, repeated over time or persistent (some incidences need not occur repeatedly or over time to be considered serious). Generally bullying implies an imbalance of power or strength where the bullied person has difficulty defending himself/herself. Such verbal, physical, or relational types of bullying can be quite harmful to a person's mental or physical well-being. One may feel lonely, unhappy and frightened. They may feel unsafe or think there must be something wrong with them. They lose confidence and may not want to attend school. It may prompt physical illness. Bullying is prohibited on school grounds immediately before or during school hours,

immediately after school hours, or at any other time when the school or the school's property or equipment is being used by a school group. Bullying is also prohibited off school grounds at any school activity, function or event and when traveling to or from school or a school activity, function or event.

Direct Bullying involves things such as:

- Hitting, kicking, tripping, shoving, throwing things, spitting, damage to property, or other harmful or inappropriate touching physical behaviors.
- Taunting, teasing, insults, name calling, degrading comments, degrading racial or sexual comments.

Indirect Bullying involves things such as:

- Getting another person to assault someone.
- Spreading rumors, saying or writing negative hurtful things about a person, intimidating, humiliating.
- Deliberate exclusion from a group activity, leaving someone out, not talking to them.
- Cyber-bullying

*We recognize that bullying may include overt or covert (under the radar) behaviors to be addressed in the school setting.

Process for reporting, recording and relaying of bullying incidents.

Teachers will encourage students to report bullying incidents and will encourage students to submit anonymous reports of bullying incidents if needed. Staff shall report all incidents or reports of bullying to the principal. The Principal will investigate or have investigated all acts/reports of bullying. The bully and the victim will be interviewed separately as well as any bystanders. All bullying incidents will be recorded and the parent/guardian(s) of both the offender and victim will be notified of the incident.

Consequences for the offender may include:

- Detention
- In school suspension
- Out of school suspension or expulsion
- Report to police
- Altering school day for student

Any rights granted to a student or a student's parent by this chapter may be waived only by a written instrument signed by both the student and the student's parent. The waiver is valid if made voluntarily and with the knowledge of the procedures available under I.C. 20-33-8-19 and of the consequences of the waiver. (I.C. 20-33-8-28)

The appropriate authorities may require that a student who is at least sixteen (16) years of age and who wishes to reenroll after an expulsion or exclusion attend an alternative program. (I.C. 20-33-8-20)

The review may lead to a recommendation by the person conducting the review that the student be reinstated for a second semester. An expulsion that will remain in effect during the first semester of the following school year must be reviewed before the beginning of the school year. The review shall be conducted by the superintendent or person designated under I.C. 20-33-8-19 after notice of the review has been given to the student and the student's parent. The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within 10 days of the receipt of notice of the action taken. The student or parent appeal to the school board must be in writing. If an appeal is properly made, the board must consider the appeal unless the board votes not to hear the appeal. If the board hears the appeal, it will consider the written summary of the expulsion meeting and arguments of the school administration and the student and/or the student's parent. The board will then take any action deemed appropriate. (I.C. 20-33-8-19).

Judicial review of a governing body's action under I.C. 20-33-8-21 by the circuit or superior court of the county in which a student who is the subject of the governing body's action resides is limited to the issue of whether the governing body acted without following the procedure required under I.C. 20-33-8-19

If an appeal is properly made, the board will consider the appeal unless it has voted not to hear all student appeals of expulsion. DISCIPLINARY GUIDELINES FOR STUDENTS

BASIC DISCIPLINE PROCEDURES

Students at LaCrosse High School have certain rights, among which is the right to study, grow and mature in a pleasant learning environment. Along with these rights come responsibilities to themselves and to the school community. In the event that students choose to behave in a way that is contrary to school standards, these students must be held accountable and consequences will be imposed.

Courtesy is the guiding force at LaCrosse School. There is not a single rule that cannot be covered by this solitary word. School behavior to other adults and students in the hallways, bathrooms, lunchrooms, recreational areas, classrooms, on buses and at extracurricular events define the student in many ways. Conduct infractions all result from a lack of respect for others, a discourtesy. Students who create disruptions, who are discourteous and who cause problems for other adults and students will have penalties imposed on them. Behaviors are formed by this age. School cannot possibly “fix” student behavior that is antisocial or negative behavior that is reinforced at home. Parents and the school must be a team working together to help students develop personal responsibility, self-esteem and socially acceptable behavior.

Parents are welcomed and encouraged to call teachers or the principal to discuss discipline problems. Teachers are the first disciplinarians and students are not sent to the office without numerous verbal and sometimes written warnings. The student/teacher relationship is the first vital link in forgoing courteous behavior.

The entire school staff, teachers, administrators, counselor, secretaries, custodians, cafeteria personnel and bus drivers share the responsibility for:

1. Maintaining an environment that provides equal opportunity for all students to benefit from the total learning situation;
2. Protecting the rights of every individual during the school day in all school related situations.

It is obvious that certain offenses are more serious than others. At times, it is necessary to place additional emphasis on offenses that become increasingly difficult to control. In light of this, there are different levels of discipline procedures available for use.

1. Student, Teacher, and Parent Conferences
2. Retribution for Damages (Financial or Work Assignments)
3. Detentions
4. Probation—restricted status limits student’s privileges (example: driving to school,

- athletics, other extracurricular activities)
- 5. Suspensions up to ten (10) days
- 6. Expulsion—excluded from all property and activities
- 7. Legal Action
- 8. Referral to Counselors or State Agencies
- 9. Other Procedures as authorized by State law

Students are expected to behave in a courteous manner. They are to observe the following guidelines for the maintenance of a healthy and desirable school environment.

1. Students shall refrain from public displays of affection (PDA, i.e. holding hands, kissing, caressing, fondling, etc.).
2. Profanity, obscene language, rude and socially unacceptable behavior, or use of such gestures will not be tolerated.
3. Every student is responsible to every staff member at all times and is expected to behave in a respectful manner. Insubordination or disrespect to any staff member, verbal or otherwise, will not be tolerated.
4. Study Halls are for studying. They are not social gatherings. All rules set by the Study Hall supervisor will be followed. Study quietly.
5. Gambling is not allowed at any time on school property or during a school function.
6. A student may be readily guilty by association with an offending group.

RESPECT FOR OTHERS

Our goal is to prepare students to live and work in a complex and interdependent society, which acknowledges diversity, and builds community by practicing hospitality, civility and respect.

The following behavior will not be tolerated. Any physical, spoken or written act of abuse, violence, harassment, intimidation, extortion, the use of vulgarity, cursing, making remarks of a personally destructive nature toward any other person, and any restriction or prevention of free movement of an individual. This prohibition applies whether the act is deliberate, intentional or unintentional or is directed toward an individual or group regarding race, color, creed, national origin, sex, sexual orientation, physical or mental disability, political or religious ideology.

BUS PRIVILEGES

Riding the buses is a privilege, not a right. The driver has the authority to keep order and maintain discipline. Bus drivers, by State law, have the authority to suspend a student from riding the bus for one (1) day. The principal may suspend a student from riding the bus indefinitely after investigation of the circumstances. If a student is suspended from riding the bus, a parent is responsible for the student's transportation as stated by Indiana

law.

The driver will be in charge of his/her bus at all times while transporting students. Students will be informed by the drivers as to the riding procedures and rules. Students are expected to obey the bus driver who will use the authority necessary for the safe transport of all students riding the bus. School bus transportation is a privilege and not a right. The bus driver is the sole authority on the bus while the students are being transported.

ADDITIONAL STUDENT RULES FOR RIDING THE BUS:

1. Students should be waiting at their pickup locations when the bus arrives.
2. The driver may assign seats.
3. Students are to remain seated while on board the bus.
4. Loud, boisterous, or profane language will not be permitted.
5. Students are expected to be good citizens while riding the bus.
6. Windows and doors are to be closed unless permission is granted by the driver to open them.
7. Students are not to leave or enter until the bus has come to a full stop.
8. Students must be silent when crossing railroad tracks.
9. Students must bring a note from home giving them permission to be dropped off at an alternate drop off site on their regular bus or to ride another bus other than their own. The office will administer a pass for the bus driver.
10. Students will not be permitted to eat, drink, or chew gum on the bus.

CONSEQUENCES/DISCIPLINARY ACTION FOR THOSE THAT DISOBEY SCHOOL BUS RULES:

1. Since riding the bus is a privilege and not a right, students may lose their bus privilege from one to five days.
2. The student will be given a verbal warning by the driver.
3. If a student continues to disobey the bus rules, the driver will refer the student to the principal for disciplinary action.
4. Continued problems may result in a student being excluded from riding the bus for the remainder of the semester.
5. Any student who desires or has a need to ride a different bus or get off at a different stop must have written permission from parents/guardians and the administration.

DETENTIONS

LaCrosse High School has the following types of detentions: before school detention, lunch detention, and after school detention. Detentions can be assigned by any staff member, teacher, or principal. Detentions will not be rescheduled once they have been assigned. Detentions can be given to students for the offenses listed, but not limited to, those below:

1. Excessive violation of a teacher's classroom discipline plan
2. Disruption, non-cooperation and arguing
3. Disrespect and rudeness to students, staff members or guests
4. Not being prepared for class
5. Inappropriate physical displays of affection
6. Violation of other students' rights
7. Failure to utilize study time in class or in study hall
8. Disregard of school policies and procedures
9. Possession of smokin, vaping, or smokeless tobacco products that are visible
10. Profanity, vulgarity or obscenity written, drawn, spoken or gestured
11. Minor damage to school property
12. Display of statements or symbols that promote drugs or alcohol use
13. Other incidents similar to above

While the administration and teachers hope that there will seldom be a need for the issuance of detentions, students must realize that they will be held accountable for the disregard of these and other school standards. If a student does not show up for the assigned detention, additional detentions or suspensions may follow.

DRESS CODE EXPECTATIONS

Developing good taste in attire and good grooming habits are part of the educational process. The School Corporation will not permit a student to wear any type of apparel or grooming style or condition which would materially interfere with the educational process, create an actual or potential health or safety hazard, or cause or threaten to cause damage to school property. Grooming and dress that is a distraction to the learning of others will not be permitted. Student dress is the responsibility of both the student and the parent/guardian. SEARCH AND SEIZURE

The Board recognizes its obligation to balance the privacy rights of its student with its responsibility to provide student, faculty, and authorized visitors with a safe, hygienic, and drug-free environment.

In balancing these competing interests, the Board directs the Administration to utilize the following principles:

A. School Property

School facilities such as lockers, all computers (including laptops), and desks are school property provided for student use subject to the right of the Administration and his/her designee to enter the facility as needed and inspect all items in the facility searched. Students shall not have an expectation of privacy in any facility provided by the school. No student shall lock or otherwise impede access to any locker or storage area except with a lock provided by the principal or designee of the school in which the locker or storage area is located. Unapproved locks shall be removed and destroyed by the principal or designee.

B. Student person and Possession

Searches of the student's person and personal items in the student's immediate possession shall be done with the consent of the student. If the student does not consent, such a search shall be permitted based upon the administrator's individualized reasonable suspicion to believe that the search will produce evidence of a violation of a law, school rule, or a condition that endangers the safety or health of the student or others. Searches of the person of a student shall be conducted and witnessed by a person of the same gender as the student and shall be conducted in a private office. The student shall be given the option of selecting the witness from the faculty members on the school premises at the time of the search. A searched student's parent or guardian shall be notified of the search within twenty-four (24) hours if possible.

This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board as defined by I.C. 20-33-8.

Permission for a student to bring a vehicle on school property shall be conditioned upon consent of the search of the vehicle and all containers inside the vehicle by a school administrator with reasonable suspicion to believe the search will produce evidence of a violation of law, a school rule, or a condition that endangers the safety or health of the student driver or others. The student shall have no expectation of privacy in any vehicle or in the contents of any vehicle operated or parked on school property.

The Administration may request the assistance of a law enforcement agency (with or without assistance of police canines) in implementing any aspect of this policy. Where law enforcement officers participate in a search on school property or at a school activity pursuant to a request from an Administrator, the search shall be conducted by the law enforcement officers accompanied by a

school official or designee, and in accordance with the legal standards applicable to law enforcement officers.

Anything found in the course of a search pursuant to this policy which constitutes evidence of a violation of a law or a school rule or which endangers the safety or health of any person shall be seized and utilized as evidence if appropriate. Seized items of value shall be returned to the owner if the items may be lawfully possessed by the owner. Terms of Use

Privilege Guidelines:

No student, staff member or patron shall have access to TTCSC technology, the network or internet without having a signed Acceptable Use Policy/Application on file with the school corporation.

The use of TTCSC technology including internet access is a privilege, and not a right. TTCSC reserves the right to deny, revoke or suspend specific user privileges and/or take other disciplinary action, including suspensions or expulsion from school, for violations of this policy. The Principal or his/her designee will deem what is inappropriate use and their decision is final. Additionally, all handbook regulations apply to the use of the TTCSC network, Internet, and electronic resources.

It is specifically set forth in this policy, that there is NO right of privacy with respect to the use of school computers or any work produced by such use, however described. Network and computer storage areas that may be available for students to store computerized information are not private areas. In order to maintain TTCSC's systems integrity and to ensure that student users are using the system responsibly and properly and within stated limits, files stored in TTCSC's network storage areas and computers may be reviewed at any time by the Principal or his/her designee. The Principal or his/her designee may review all network communication across TTCSC's computer network.

Computers, files, disks, other types of storage media and information, including use are subject to inspection at any time.

Internet Guidelines:

TTCSC is pleased to offer our students access to the Internet. The purpose of the school-provided Internet access is to facilitate communications in support of research and education. To remain eligible for Internet access, students must use the Internet in support of and consistent with educational objectives. The Internet is an electronic highway connecting hundreds of thousands of computers and millions of individual users all over the world. This computer technology allows students and staff access to resources from distant computers, and the opportunity to communicate and collaborate with other individuals and groups around the world. Families should be aware that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. In addition, it is possible to purchase certain goods and services via the Internet which could result in unwanted financial obligations for which a student's parent or guardian would be liable.

TTCSC will make every reasonable effort to ensure the Internet is used responsibly by making every reasonable effort to control access to inappropriate material. TTCSC limits access to specific resources that have been deemed objectionable by using a "filtering" process. Student Internet activities will be monitored by the school corporation to ensure students are not accessing inappropriate sites. Each school corporation computer with Internet access shall have a filtering device or software that blocks access to visual depictions that are obscene, pornographic, inappropriate for students, or harmful to minors. However, given that the Internet is an ever-changing network, with no one single arbiter or authority; it is not possible for the filtering technology to prevent all questionable material from appearing on any particular system on our network. The educational value of resources accessed through the Internet is the joint responsibility of students, parents, and employees of TTCSC. If it comes to the attention of TTCSC's administration that a student is posting provocative, derogatory or defamatory comments about TTCSC, its employees or other students, posting or is seen in inappropriate images online, or cyberbullying, TTCSC will, at the discretion of the principal or his/her designee, make every reasonable effort to contact the student's parent and may notify law enforcement regardless of whether it was done on TTCSC's equipment or during the school day. Inappropriate images would include, but not be limited to, images depicting pornography, possession of alcohol, drugs, weapons or any other activity that is deemed illegal.

Students may not use school computers to access any Internet site or sites that contain information that is inappropriate for educational purposes or sites that teachers, staff or administration deem inappropriate for the instructional program. Examples of inappropriate information content include, but are not limited to the following:

- Offensive material- content that is in poor taste or could be considered obscene, abusive, or sexually explicit language, racist, illegal, harassing, or inflammatory.
- Distribute dangerous material – content that provides direction in the construction

of explosives or similar devices or instruction or practices that could injure the students themselves, or others.

- Inappropriate contacts – materials that can lead to contact with strangers who could potentially threaten the student’s health or safety.

If a student is uncertain as to whether or not a site’s material might be considered inappropriate, the student should consult their teacher or a member of the administrative staff for clarification.

Parents and guardians have the option of requesting alternative activities that do not require internet use for their minor children.

All students receive a copy of the TTCSC policy concerning school-provided Internet access. This is in the student handbook. All students are responsible for reading the policy and signing the handbook.

Consequences of Violating the School’s Internet Policy:

- 1st violation of policy: Loss of Internet privileges for up to 9 weeks from date of violation; notification sent to parents and teachers.
- 2nd violation of policy: Loss of Internet privileges for up to one year (365 days) from date of violation; notification sent to parents and teachers.*
- 3rd violation of policy: Suspension from Internet access for rest of school years. *

*The student can request a reinstatement hearing after the second and third offenses for possible restoration of privileges. Present at this hearing must be the student, parents or guardians, principal, and Technology Committee members.

Education Regarding Cyberbullying

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying.

Network Etiquette

Users are expected to abide by the generally accepted rules of network etiquette. These include but are not limited to:

1. Be polite. Do not get abusive in your messages to others.
2. Use appropriate language. Do not swear, use vulgarities or any other inappropriate language.

Disclaimer

TTCSC, its employees and agents, make no warranties of any kind, neither expressed nor implied, concerning the network, Internet access, and electronic resources it is providing. Furthermore, TTCSC is not responsible for:

1. The accuracy, nature, quality, or privacy of information stored on local servers or devices or information gathered through Internet access.
2. Any damages suffered by a user (whether the cause is accidental or not) including but not limited to, loss of data, delays or interruptions in service, and the infection of viruses or other malware on personal computers or other devices.
3. Unauthorized financial obligations resulting from the use of TTCSC electronic resources.

All users shall assume full responsibility and all liability, legal, financial, or otherwise, for their actions associated with the Internet connection and use of school provided technology.

COURSES BEFORE HIGH SCHOOL

If a student completed courses equivalent to high school courses (such as Algebra I, or a Level I course in a foreign language) prior to Grade 9 and received high school credits for them, the credits count toward the total 47 credits required for the diploma. Successful completion of such courses prior to Grade 9 without receiving high school credits reduces the number of credits required in Mathematics (from 8-6 credits) or Foreign Language (from 8 to 6 or 6 or 4), but does not reduce the total number of 47 high school credits required for the diploma.

ACCEPTANCE OF CREDITS

In recognizing its responsibility to uphold the minimum educational standards of the State of Indiana, the School Board establishes the following policy and criteria regarding the acceptance of credits from nonpublic schools, including home schools.

1. the course was taught by a certified teacher
2. the course met the time requirements established by the State if a regular academic course, or the total hours per year as set forth in the State Minimum Standards, if other than a regular academic course
3. course content is comparable to Corporation-established courses of study

All students, grades 1 through 12 entering from a nonpublic school may be given an individual achievement test which will be used as an aid in placing these students.

Recognition of credits or course-work from a nonpublic school shall be granted when the

above-stated criteria are met and upon satisfactory completion of any achievement tests given by the administration.

Although credits from nonpublic schools may be granted and placed on a student's transcript, no grades will be entered on the transcript or considered for class ranking. Only grades awarded for courses taken at the Corporation or from a school accredited by the Indiana Department of Education or such departments in other states shall be considered in class ranking and for entering on the transcript.

Students must attend LaCrosse School for a full four semesters before being eligible to be valedictorian or salutatorian.

CLASS STANDINGS AND PROMOTIONS

****Final class rank will be determined after the completion of seven semesters.****

Promotions at LaCrosse High School are based on academic achievement and teacher recommendations. **Forty (40) credits are required for graduation.**

A student classified as a Junior must have 18-28 credits.

A student classified as a Senior must have 28-40+ credits.

CLASS FUNDRAISING

Each freshmen, sophomore, junior, and senior class is permitted to do fundraisers for their respective class. At the end of a classes senior year, any remaining balance in that classes fund will be transferred to the Student Activities fund.

COLLEGE COURSE POLICY

In order to meet the Academic Honors Diploma requirements and offer rigorous coursework, LaCrosse High School initiated a dual-credit program with various colleges. Dual credit courses receive both high school and college credit. In addition, students are able to participate in dual-credit courses through Ivy Tech. Please contact the Guidance Counselor for more information about receiving college credit while in high school.

CORE 40

Students will work with their parents and guidance counselors to create a career and course plan. The plan will direct the student toward achievement life goals beyond high school. By defining requirements for success in future education and work the Indiana Core 40 guides this planning process.

GRADING PERIODS/REPORT CARDS

LaCrosse School operates on a two-semester, four nine-week grading period method. Each semester consists of two nine-week grading periods.

Two times during each grading period, high school progress reports are issued by teachers. These reports are indicative of the student's class standing at that time.

The faculty at LaCrosse School welcomes contact from all parents regarding the progress and success of your student. If you would like to talk to a specific instructor, call the school office to arrange a meeting.

GRADING SCALE

All students must pass the End of Course Assessments for Algebra I and English 10.

EARLY GRADUATION

The student needs to be getting a Core 40 or higher and needs to be able to achieve all requirements of the diploma by the end of the first semester of their senior year.

LaCrosse High School has a long standing tradition of allowing students to speak at graduation. In order to qualify, students must meet the criteria for receiving a Cum Laude award as mentioned above, and must attend LaCrosse School for a full four semesters before being eligible to be speak.

GUIDANCE/COUNSELING

Counseling happens everywhere at school because the teachers, the staff and the administration care about making each student the most successful student he/she can be. Students are urged to talk to a teacher, the guidance counselor or the principal about problems as they arrive. Problems come in many varieties and can keep a student from concentrating on class work.

Students are not to be sent to the counselor during a class unless there is a crisis. They are to sign up and every effort will be made to see students during their study halls, before school or after school. If absolutely necessary, students may be taken out of their classes for help. However, it will be the policy to avoid class disruption if at all possible. If a student wants to change their schedule they may do so within the first five (5) days of the new class.

HOMEWORK POLICY

The Board supports teachers and administrators who are continually concerned that the purposes of homework lessons assigned for completion by students be carefully explained. Homework can be a meaningful and positive activity with purposes related to anyone or more of four major categories:

1. Enrichment
2. Reinforcement
3. Preparatory
4. Skill Development

Enrichment assignments are normally those lessons in which all students may realistically enhance their personal growth and development. Students are usually given great latitude regarding the topic and the scope of their reading and research. Except for general teacher guidelines, the student's efforts may result in an original and creative lesson for that student.

Reinforcement lessons are not generally assigned to all class members since individual students have a varying need for this type of homework. In contrast to enrichment assignments, reinforcement lessons are generally on a daily basis and are also on a one to one basis with the teacher.

Preparatory homework is normally intended to familiarize the student with a content or topic and to serve as a basis for subsequent activity.

Skill development lessons are usually assigned to all students and are closely related to the regular current classwork. Analysis of weaknesses and strengths is noted regularly by the teachers and is used to assist the student through supervision by the teacher of the initial practice by student before independent work is assigned.

The Board expects that great care must continually be exercised by the teacher to permit students adequate personal time and time for physical and cultural development. A lengthy day of serious study followed by demands and pressures of excessive outside assignments may cause negative student attitudes to develop. Therefore, homework assignments should be approached from a positive viewpoint so that they will enhance student success in school. The age, capability, normal growth pattern of children and other demands on student time should be taken into consideration when assignments are administered.

HONOR ROLL

At the end of each nine-week grading period, a list is compiled of the names of students whose academic work is outstanding. To be placed on this roll, the student must have a grade-point average of 3.0 for the regular honor roll and an average of 3.7 for the principal's honor roll (A=4, B=3, etc.), with no D's.

LACROSSE HONOR SOCIETY

The LaCrosse Honor Society is more than just an honor roll. The LaCrosse High School chapter establishes rules for membership that are based upon a student's outstanding performance in the areas of scholarship, service, leadership and character. These four criteria for selection form the foundation upon which the organization and its activities are built.

- A. Scholarship Requirements

1. The advisor informs the member in writing of the nature of the violation, the time period allowed for improvement, and a warning of the possible consequences of not improving. These may include consideration of dismissal or additional disciplinary measures being imposed. For flagrant violation of LCHS standards, school rules or the law, no warning is necessary.
 2. If improvement is not made in the specified time, the Faculty Council considers appropriate disciplinary measures.
 3. If the Faculty Council determines that the facts warrant consideration of dismissal, the member will be notified in writing of the violation, the possibility of dismissal, and the need for scheduling a hearing with the Faculty Council. The member will be allowed to appear before the Faculty Council and explain his or her view of the circumstances. A parent or guardian may be present with the member; however, it should be noted that the primary purpose and focus of the hearing is to allow the member to present his or her case.
 4. A dismissed member may appeal the decision of the Faculty Council first to the principal and then, as indicated under the local school district's policies governing disciplinary appeals, follow the normal channels for an appeals process.

ATHLETICS

ATHLETICS/EXTRACURRICULAR PHILOSOPHY

It is the feeling of those concerned with the development of the youth at LaCrosse High School that participation in high school extracurricular activities can have a positive effect in the development of constructive attitudes for future citizenship.

It is further deemed important that participants, before starting in a program, should be made clearly aware of its philosophy, opportunities, and the set of policies and procedures under which they will be participating.

The LaCrosse High School Athletic Department, faculty, and sponsors recognize the rules and regulations concerning the decorum and conduct of the student members will vary with the times and morals of the community. It is our belief that the individual family should be the guiding influence and determinant of student behavior. These rules should then compliment the home influence. It is our policy that participation is a privilege. Therefore, certain areas of conduct shall be held on a higher plane to the generally accepted standards subscribed to by the high school.

Students participating in athletics and extracurricular activities at LaCrosse High School will abide by the following rules throughout their high school careers. The school year shall be defined as beginning with the first meeting of a new school year and ending upon the completion of the last scheduled activity of the last authorized IHSAA contest of the spring season (this includes the IHSAA tourney series).

ACADEMIC REQUIREMENTS FOR ATHLETICS & EXTRACURRICULARS

To be eligible to participate in athletics at LaCrosse High School, students must meet the following requirements:

Be passing all classes from the previous grading period or the previous semester.
Semester grades, when available, take precedence.

Maintain a 2.0 Grade Point Average (GPA) each grading period.

In sports where the season occurs in both semesters, a student may become ineligible mid-season due to the GPA and grades during the initial grading period and semester of the season.

Student athletes who have an F or who have a GPA less than 2.0 in the previous grading period or semester will be permitted a review of their circumstances before being declared ineligible. The review will be conducted by the principal and the athletic director.

Review of Scenarios and Outcomes:

Scenario #1 – The student athlete had a GPA of at least 2.0 and failed one class.

Scenario #2 – The student athlete had a GPA of less than 2.0 but greater than 1.66 and did not fail any classes.

In each scenario, the student athlete will have limited eligibility until the first progress report of the next grading period when interim grade reports are produced. Student athletes will participate in all practices and attend all games, but will not be permitted to play in the games.

During the period of limited eligibility, consideration will be given to the following factors:

- Completion of assignments
- Class participation
- Effort in classes
- Participation in tutoring sessions

If the student meets all eligibility requirements at the first progress report of the grading period, the student may return to full eligibility at the discretion of the athletic director and principal.

Scenario #3 – The student athlete had a GPA of less than 2.0 **and** failed a class

If a student athlete had a GPA of less than 2.0 **and** failed one class, he or she will be ineligible to participate in athletics for the next grading period.

Scenario #4 – The student athlete had a GPA of at least 2.0, failed one class, but the class does not continue for the next semester.

Since the student athlete is no longer enrolled in the class in which he or she received an F, the student athlete will have limited eligibility until at least the first progress report of the next grading period when interim grade reports are produced. If the student athlete meets eligibility requirements (GPA of at least 2.0 and no grades of F in any classes) at the mid-term of the grading period, the student athlete will be permitted to return to full eligibility at that time.

In no case will a review of circumstances be conducted for a student athlete who has a GPA below 1.67 or who has more than one F for a class at the end of a grading period or semester. Student athletes with these performance levels will be ineligible for the next grading period.

No further review or appeal of ineligibility beyond what is described here is available to student athletes.

2. The coaching staff/sponsor for such activity has the right to determine their roster. If a player, in the staff's opinion, does not possess the necessary skill level, they may dismiss said individual in that sport/activity.
3. Each sport coach/sponsor will have an established list of rules to be followed and the penalty for violation. The student is expected to abide by such stated rules. The coach/sponsor is to be sure that all participating students understand the team rules and the Athletic Policy.
4. If the habits and/or conduct of the student in school or in the community is such as to make the student unworthy to represent the ideals of good character and citizenship, he/she will be asked to appear before the Athletic Council. They shall examine the student's conduct and determine the appropriate penalty.

IHSAA RULE 8-1

Contestants' conduct in and out of school shall be such as 1) not to reflect discredit upon themselves, their parents, or the school or 2) not to create a disruptive influence on the

discipline, good order, moral, or educational environment for others in the school.

It is recognized that principals, as the administrative authority vested in them by their school corporation, may exclude such contestants from representing their school.

The parents will be informed when a suspension or exclusion from a team is taking place.

A violation shall consist of one of the following acts:

1. The unauthorized possession or use of drugs (controlled as defined in the Indiana Controlled Substance Act).
2. The transport, possession, or consumption of any alcoholic beverage.

- 2) 50% of season
- 3) Full season
- 4) 1 Academic year
- 5) Full Academic career (Lifetime)

Any athlete committing a violation will appear before the athletic committee, along with parents if desired. Any student who has been suspended from athletics/extracurriculars for a period of one year must make written application to the Athletic Committee or proper sponsor for consideration. The student must appear before the Committee/Sponsor to demonstrate a sincere desire for reinstatement.

Student-Athletes will be suspended for 50% of scheduled contests for a positive test for drugs or alcohol. If the student was tested while “out-of season”, the suspension will be served in the next season in which the student participates. For returning athletes, a suspension will be enforced during or after a sport season that the athlete had previously participated in. (Example: An athlete that only participated in basketball as a sophomore

tests positive in the spring after basketball season has ended. The suspension will not be served until the next basketball season or the next sport the athlete chooses to participate in after the next basketball season.) If a student is unable to serve entire suspension during a contest season, the remainder of the suspension will be served in the next contest season in which the student participates.

SOCIAL MEDIA

Each student-athlete must remember that playing and competing for LaCrosse High School is a privilege. As a student-athlete, you represent the school and you are expected to portray yourself, your team, your school and the school district in a positive manner at all times. Similar to comments made in person, LaCrosse athletics will not tolerate disrespectful comments and behavior online, such as:

1. Derogatory language or remarks that may harm teammates or coaches; other LaCrosse student athletes, teachers or coaches; and student athletes, coaches or representatives of other schools, including comments that may be disrespectful to opposing teams.
2. Incriminating photos, video or statements depicting violence, hazing; sexual harassment; full or partial nudity; inappropriate gestures; vandalism; stalking; underage drinking, selling, possessing, or using controlled substances; or any other inappropriate behavior (including the use of profanity).
3. Creating a serious danger to the safety of another person or making a credible threat of physical or emotional injury to another person.

The above attendance rule may be waived if the absence is pre-arranged for an indicated doctor/dental appointments, specialist appointments, or funeral.

TRI-TOWNSHIP DRUG TESTING POLICY

A Statement of Need and Purpose:

A program of deterrence will be instituted as a proactive approach to drug free schools. Through driving or participation in extracurricular activities, students using illegal drugs pose a threat to their own health and safety, as well as to that of other students. The purpose of this program is three fold:

- (1) to provide for the health and safety of students;
- (2) to undermine the effects of peer pressure by providing a legitimate reason for students to refuse to use illegal drugs; and
- (3) to encourage students who use drugs to participate in drug treatment programs.

Students involved in extracurricular activities need to be exemplary in the eyes of the community and other students. It is further the purpose of this program to prevent students from driving to and from school or participating in extra-curricular activities while he/she has drug residues in his/her body, and it is the purpose of this program to educate, help, and direct students away from drug and alcohol abuse and toward a healthy and drug free lifestyle. The program is designed to create a safe, drug free environment for students and assist them in getting help when needed.

Tri-Township Schools has a strong commitment to the health, safety, and welfare of its students and to maintaining the extra-curricular activities in Tri-Township Schools as a safe and secure educational environment.

Introduction

The effective date of this program is September 1st, 2019 . This program does not affect the current policies, practices, or rights of the Tri-Township Schools with regards to drug and/or alcohol possession or use, where reasonable suspicion is obtained by means other than drug testing through this policy.

Scope of the Policy

Participation in extra-curricular and co-curricular activities and driving to and from school is a privilege. This policy applies to all Tri-Township School students in grades 7-12 who wish to participate in extra-curricular and co-curricular activities including but not limited to those listed below:

Athletics: Cross Country, Volleyball, Basketball, Baseball, Softball, Track and Field, Golf, Dance Team, Cheerleading, and any other participants in IHSAA recognized sports. (Participants include, but are not limited to, athletes, managers, and other athletic personnel.)

Class A Co-Curricular Clubs: Class Officers, Student Council, LaCrosse Honor Society, FFA, Leo Club

Class B Co-Curricular Clubs: Academic Spell Bowl, Academic Super Bowl, Drama Club, Robotics

Up to 20% of eligible students may be randomly tested anytime during the year.

A. Banned Substances

For the purpose of this Policy, the following substances or their metabolites that can be tested for are considered illicit or banned for Tri-Township students: Amphetamines, Methamphetamines, Barbiturates, Benzodiazepines, Cocaine Metabolites, Marijuana Metabolites, Methadone, Methaqualone, Ecstasy, Expanded Opiates, Propoxyphene, and Phencyclidine (PCP), and Other Specific Drugs.

B. Non-Punitive Nature of Random Administrative Testing

No student will be penalized academically for testing positive for illegal drugs or banned substances. The results of drug tests pursuant to this policy will not be documented in any student's academic records. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities unless mandated by a binding legal subpoena or other legal process, which the Tri-Township School Corporation will not solicit. In the event of service of any such subpoena or legal process, the student and the student's parent/legal guardian will be notified before response is made by the Tri-Township School Corporation, to the extent permitted by such subpoena or legal process.

C. Consequences of Random Administrative Testing

Students with a "positive test" will be subject to the following consequences:

1st Offense:

A student-athlete who tests positive will be subject to the disciplinary consequences outlined in the Student Handbook.

Class A Co-Curriculars who test positive for drugs or alcohol will not be allowed to participate in co-curricular activities for a period of 30 calendar days. "Summer" days between the last day of school and the first day of school, Spring Break, and Winter Break are not included in the suspension days.

Class B Co-Curriculars who test positive for drugs or alcohol will be subject to the following suspension:

25% of the scheduled events/performances/competitions if there are 4 or more

33% of the scheduled events/performances/competitions if there are 3

50% of the scheduled events/performances/competitions if there are 2

100% of the scheduled events/performances/competitions if there are 1

Students will be allowed to attend practices during the suspension period, but may not actively participate in practices until a negative drug test is provided.

Student Drivers who test positive for drugs or alcohol will have their driving privileges revoked for a period of 60 calendar days.

When deemed appropriate by the administration, Tri-Township students may be given a one time option to reduce disciplinary action by 50% by attending and completing a certified substance abuse counseling program which must be approved by the Principal/designee. Students will be

subject to a urinalysis at the parent/guardians expense prior to reinstatement. A positive result on the “follow up” test will be considered a 2nd Offense.

2nd Offense:

A student-athlete who tests positive will be subject to the disciplinary consequences outlined in the Student Handbook.

Class A Co-Curricular and Class B Co-Curricular students will be suspended for a period of 365 calendar days. Students will be subject to a urinalysis at the parent/guardians expense prior to reinstatement. A positive result on the “follow up” test will be considered a 3rd Offense.

3rd Offense:

Student is suspended for the remainder of the student’s career from participating in athletics, co-curricular events, driving to school.

Refuse to submit sample or attempt to cheat or taint a sample: Student will be suspended from athletics, co-curricular activities and driving to or from school for 365 days after which time student will be subject to a urinalysis prior to reinstatement.

Shy Bladder: Students selected for testing will have up to 90 minutes to produce a urine sample. Water will be provided to the student. If the student is unable to produce a sample after 90 minutes, parents will be notified. It will be the responsibility of the student and parent to arrange for a sample to be collected within 48 hours.

D. Consent Form

It is MANDATORY that each student who participates in extra-curricular and co-curricular activities or drives to or from school sign and return the “consent form” prior to participation in any athletic and/or co-curricular activity. Failure to comply will result in non-participation and/or no issue of a student-driving permit to school. Any student who refuses to consent to urine drug testing will not be allowed to practice or participate in designated extra-curricular and co-curricular Tri-Township School Corporation activities or drive to and from School.

Each student shall be provided with a “consent form”, which shall be dated and signed by the participant and by the parent/guardian. In so doing, the student is agreeing to participate in the Tri-Township School Corporation random drug-testing program.

E. Testing Procedures

Tri-Township School Corporation requires analytical urine drug testing to be conducted when circumstances warrant or as outlined in this policy. Tri-Township affirms the need to protect individual dignity, privacy, and confidentiality throughout the testing process. If at any time the integrity of the testing procedures or the validity of the test results are compromised, the test will be cancelled.

The selection of participants to be tested will be done randomly by the testing laboratory and selections will be made from time to time throughout the school year. The drug-testing pool will

consist of those persons agreeing to be tested. Testing may occur on a different day, Monday through Saturday. This variable schedule will keep students conscious of the possibility of being tested at any time during the year.

The testing laboratory will use a computerized system to assure that students are selected in a random fashion. The selection of these students for random testing will be made using a scientifically valid method that ensures each student will have an equal chance of being selected each time selections are made. Thus, a student might be selected more than once during a year. No student will be given advance notice or early warning of the testing. In addition, a strict chain of custody will be enforced to eliminate invalid tests or outside influences. If a student is not in attendance during a day they were selected for testing, that student will be tested on the next testing date.

Upon being selected by the testing laboratory for a urinalysis test under this policy, or a "followup" test, the student will be required to provide a sample of "fresh" urine according to the quality control standards and policy of the laboratory conducting the urinalysis. There is a heat strip on each of the specimen bottles indicating the validity of the urine specimen by temperature. If the sample is outside the acceptable range, the student must give another specimen. The specimens will then be turned over to the testing laboratory, and each specimen may be tested for banned substances as outlined in this policy.

F. Collection Process

Selected student participants will be individually escorted by the Principal or designee directly to the collection site. The student will bring all materials with them to the collection site and will not be able to go to his/her locker prior to the test. The collector will meet with each student individually to complete the collection process. A specimen of urine is collected following this process:

- A. Student first is asked to wash their hands with water and dry them.
- B. No purses, bags or containers may be taken into the collection area with the student. All extra coats, vests, jackets, sweaters, etc. are to be removed before entering the collection area.
- C. The drug testing custody and control form is completed by the student and collector. If a student chooses, he/she may notify the administrator that he/she is taking a prescription medication.
- D. To prevent diluting the urine sample, the water supply to sinks in the collection area is shut off and the collector adds a bluing agent to the water in the urinal or toilet
- E. The student is told to urinate directly into the provided container and provide a sufficient amount of urine (45ml) in one attempt. The student is also told they are to hand the container of urine to the collector.
- F. The student enters the restroom alone to produce a specimen. The collector will wait outside the restroom. Once the specimen sample is collected, the student exits the restroom and hands the container to the collector. The student may then re-wash their hands.
- G. The collector checks the volume, reads and records the temperature within four minutes of collection, and looks for evidence of tampering. If tampering is suspected, a second specimen will be requested. A second suspected tampered specimen will be considered a refusal to test and the Principal/designee shall be notified.
- H. With the student watching, the collector will recap the specimen bottles tightly. Only the lab testing the specimen may break the seal. If the seal is tampered with or broken after leaving the

student's possession and prior to arriving at the lab, the specimen is invalid and the test will be canceled

I. The collector takes the properly student-signed and initialed bottle seals and places them over the caps and side of the bottles.

J. The sealed bottles are placed inside the transport bag which is then sealed.

K. The lab copies of the drug testing custody and control form are folded with the top portion visible to the outside and placed in the requisition pouch. This pouch is then sealed as indicated. To maintain confidentiality, the student's name will not appear on the laboratory copy of the chain of custody and control form. The student is given the donor copy of the form.

L. While the student watches, the sealed specimen bag is carried to a secured storage area.

M. The student is then sent back to class with a pass.

N. The collector distributes the remaining copies of the form as required, being responsible for getting the appropriate copy of the form to the Principal/designee and M.R.O. in a timely manner.

O. The Principal/designee will be notified immediately of any student who refuses to give a urine sample.

G. Test Results

This program seeks to provide needed help for students who have a verified "positive" test. The student's health, welfare, and safety will be the reason for preventing students from participation in extra-curricular and co-curricular activities and restrict him/her from driving to or from school.

The principal/designee will be notified of a student testing "positive" only after the test result is verified by a Medical Review Officer. (M.R.O). The testing laboratory will report the test result to the M.R.O. after initial and confirmatory test results are completed. The student and his parent/guardian will be notified by the M.R.O. where they will be given an opportunity to present documentation of a prescription for the positive substance. The M.R.O. will contact the prescribing physician and verify the prescription. If the test is verified "positive" by the M.R.O., the principal/designee will meet with the student and his/her parent/guardian. The student and parent/guardian will be given the names of counseling and assistance agencies that the family may want to contact for help.

A "follow up" test at the expense of the parent/guardian will be required after the suspension period and after such an interval of time that the substance previously found would normally have been eliminated from the body. If this "follow up" test is negative, the student will be allowed to resume extracurricular and co-curricular activities and/or driving. If a second "positive" result is obtained from the "follow up" test, it will be considered a 2nd violation of the Drug Testing Policy. In addition, the Tri-Township School Corporation will retest within 12 months of reinstatement any athlete who previously had a "positive" test. This test is in addition to any tests in which the student name was selected by the random draw process.

Information on a verified "positive" test will be shared on a "need to know" basis with the student's coach or sponsor. The results of "negative" tests will be kept confidential to protect the identity of all students being tested. All drug test results will be kept in locked files with access only by the principal/designee.

H. Financial Responsibility

- A. Under this policy, participating students will be assessed a \$5.00 fee and the School Corporation will use this fee to pay for all initial random drug tests and all initial follow-up drug tests.
- B. A request on appeal for another test of a positive urine specimen is the financial responsibility of the student or his/her parent/guardian.
- C. Counseling and subsequent treatment by non-school agencies is the financial responsibility of the student or his/her parent/guardian.

I. Confidentiality

Under this drug testing program, any staff, coach/sponsor, or sponsor of Tri-Township School Corporation who may have knowledge of the results of a drug test will not divulge to anyone the results of the test, of the disposition of the student involved, other than in the case of a legal subpoena being made upon that person in the course of a legal investigation. The testing laboratory, M.R.O. or third party administrator may not release any statistics on the rate of positive drug tests to any person, organization, news publication or media without expressed written consent of the Tri-Township School Corporation School Board.
